BULGARIANS LOSE
IN CROSS ATTACK

CAPITAL OF SERBIA AGAIN TRANSFERRED

Aerial Battles in Progress and
Craft Fall from Skies Dis-
abled---Italy will Re-
tain Spoils

(By Associated Press.)
LONDON, Nov. 23.—The government has announced that no Greek ships were seized and no Grecian blockade instituted, denying the reports of an informal blockade. It is believed that this denial will result in Greece satisfying the British demands and guaranteeing safety to the allied forces. It is thought that Athens despatches concerning the blockade were premature, chronicling the allies' intentions as facts. The resignation of Premier Skouloudis of Greece is imminent as a result of Greek-English difficulties.

The Serbians have moved their capitol to Prisrend, near Albina, from Mitrovitz. Paris reported that the Serbians have defeated the Bulgarians in central Serbia, and have captured five cannon. Delayed Saloniki despatches said that the Bulgarians began an advance on Monastir Thursday. It is evident the advance was hindered. Rome claims that the Italians have retained captured territory in the Oslavia sector, despite violent counter attacks. Constantinople reports don't indicate continuation of fighting at Gallipoli. Paris reports that French aircraft forced two German aeroplanes to descend in Belgium and pursued two at Rheims. There were five aerial engagements in Champagne. Three German craft descended in their own lines, a fourth was disabled and fell and a fifth was downed and burned.

FORD'S MONEY READY
FOR PEACE MOVEMENT

(By Associated Press.)
WASHINGTON, Nov. 23.—Henry Ford today conferred with President Wilson regarding a neutral conference to end the war. He told Wilson that he considered Christmas to be the best time. He declined to divulge the President's answer. He said: "I am willing to give all my money and go anywhere to aid the movement. Wilson kept America from war. The people have approved of his course."

THREATENED TO BLOW
UP A CATHEDRAL

SCHMIDT SAID TO HAVE TAKEN
PART IN CONSPIRACY
IN 1906

(By Associated Press.)
LOS ANGELES, Nov. 23.—Patrick Dugan, former officer of the Indianapolis International Association of Bridge and Structural Iron Workers, testified today at the Schmidt trial that John McNamara, head of the dynamiting conspiracy, threatened in 1906 to dynamite a partially completed cathedral at Indianapolis if non-unionists were employed. It was alleged that Schmidt was a member of the same conspiracy that dynamited the Times building.

DYNAMITERS THREATEN

(By Associated Press.)
WASHINGTON, Nov. 23.—Extra guards are watching the Union station tunnel and viaducts, as a result of rumors that dynamiters intend to destroy a bridge of one of the trunk lines.

BULLION SENT OUT
BY BELMONT COMPANY

The Tonopah Belmont Development company on the 20th made shipment from both its mills, each being a two week cleanup. From the Tonopah mill there was sent out 56 bars, weighing 113,371 ounces, and from the Millers mill 35 bars weighing 54,557 ounces. Estimating the gold and silver content of the bullion at 70 cents an ounce, the two shipments totaled \$117,549.60.

INSTITUTE PROVES
A DOUBLE SUCCESSPedagogues Gain Knowledge and
Find Time not Heavy
on Their Hands

Following is the program given at yesterday afternoon's session of the Fifth district institute:
Called to order by State Supt. of Schools John Edwards Bray, at 1:30 p. m.
Opening number. Song by audience, led by Prof. T. P. Walker.
The address by Pres. A. W. Hendrick, "A College Education," was a progressive and liberal interpretation of the scope and use of a college education. He took the ground that the college or university which does not educate for the practical needs of the

communities or state in which it is located, is failing in the useful education given. The college or university should also give its students the broad education which enlarges the moral and civic character.
The University of Nevada is endeavoring to enlarge the scope of its laboratories and instruction to fit the needs of Nevada, and to bring the citizens the aids which will enable them to solve the problems of the municipalities in which they live. This is trying to do by correspondence courses.

BATTLESHIPS OF
GERMANY AIDEDACCUSATION IS MADE BY
PROSECUTION

SEVEN HUNDRED AND FIFTY
THOUSAND DOLLARS SAID TO
BE EXPENDED

(By Associated Press.)
NEW YORK, Nov. 23.—Roger Wood, assistant district attorney, is directing the prosecution of Karl Bueuz, manager director of the Hamburg-American line, who is charged with sending supply ships from American to German battleships at sea, in addressing the jury, alleged that Captain K. Boyed, an attache of the German embassy, directed the loading of the vessels and spent a \$750,000 fund.

(By Associated Press.)
NEW YORK, Nov. 23.—The defense admitted that Bueuz outfitted the ships, but denied that his acts constituted conspiracy. Bueuz acted on orders from the home office.
Wood said, "I intend to prove that a conspiracy extended from the Atlantic to the Pacific, to prove that three ships were chartered at San Francisco to supply the battleship Leipzig, and perhaps the Dresden, all done in defiance of the laws."

SECRETARY OF VILLA
CROSSES BOUNDARY

(By Associated Press.)
EL PASO, Nov. 23.—Colonel Dario Silva, Villa's military secretary, has been arrested, charged with crossing the boundary at Nogales, without renouncing further revolutionary activity in Mexico. He made his declaration and was released.

NEW PROCESS AT GOLDFIELD

Successful laboratory tests to determine the efficiency of oil flotation in the treatment of the copper bearing ores of the Goldfield district have led to a decision on the part of the Goldfield Consolidated Mines company to proceed at once with the installation of equipment for a 20-ton unit for experimenting on a large scale with this process, says the Tribune. Flotation is proving to be a complete success in a number of districts, the ore of which is refractory, and metallurgists now regard it as the coming universal process for the treatment of ores that are not amenable to cyanidation.

BRIDGE WASHES AWAY
ONE HUNDRED DROWN

(By Associated Press.)
ROME, Nov. 23.—A bridge across the Salso river, located in Sicily, was washed away. One hundred people were drowned.

NATIONAL DEFENSE
MATTERS PROGRESS"Feeler" in Form of a Bill that
Provides for the Swiss
System

(By Associated Press.)
WASHINGTON, Nov. 23.—Chairman Chamberlain of the senate military committee, today announced that he plans to introduce a bill providing for military service similar to the Swiss system. He doesn't expect its passage. He merely wants the subject discussed and thus assist in the inauguration of a campaign for military education. Republican House Leader Mann has accepted President Wilson's invitation to a conference for planning national defense legislation.

DUTCH GOVERNMENT
BUILDS NEW CRUISER

(By Associated Press.)
AMSTERDAM, Nov. 23.—Twenty-seven engineers from the Krupp works at Essen have arrived at Flushing to superintend the construction of a new cruiser for the Dutch navy. Krupp's plans for two new cruisers were accepted by Holland last summer, one to be constructed at Flushing and the other at Amsterdam.

Several foreign companies were invited to submit plans, but the others all replied that they were unable to comply with the invitation in view of the existing war conditions.
The Dutch government is also preparing to construct three large submarines, but these will be constructed strictly under Dutch supervision. The dockyard where they are to be laid out is, however, connected with an English shipbuilding firm which has offices at the Hague.

ADVISES THAT SOUTH
AFRICA BE INVOLABLE

(By Associated Press.)
CAPETOWN, Nov. 23.—General J. C. Smuts, commander of the expedition against the Germans in east Africa, speaking at a recruiting meeting, said: "It is the duty of the Union of South Africa to make southern Africa inviolable against the designs contemplated in the idea of a greater Germany."

GERMANS TAKE 8000
SERBIAN PRISONERS

MANY CANNON AND MACHINE
GUNS ALSO CAPTURED BY
TEUTONS

(By Associated Press.)
BERLIN, Nov. 23.—Germans in Pristia, Serbia, captured 8,000 Serbians, 44 cannon and 22 machine guns. Other Teutons took fifteen hundred Serbians and six cannon.

ENORMOUS BURDEN OF WAR

(By Associated Press.)
COLOGNE, Germany, Nov. 23.—The enormous burden of the war on Cologne is indicated by a recent report of the first mayor, who announces that between August, 1914, and October, 1915, the sum of 22,500,000 marks (\$5,500,000) have been paid by the municipality to the families of soldiers for their support.

AIRMEN LOST IN HAZE

(By Associated Press.)
AUSTIN, Texas, Nov. 23.—Four army aviators enroute from Fort Bliss to San Antonio, flying from Waco here, were lost in haze for two hours. They discovered their bearings and resumed their journey. Others instituted in a search.

MULLEN PROVES CRACK SHOT

Scott Mullen made the record at the rifle shoot near the ball grounds. Yesterday he got eight birds with twelve shots.

LAWYEAS AND NOTARIES
PRECARIOUS POSITIONS

WAR HAS THUS FAR RESULTED
IN A MINIMUM OF LITIGATION

(By Associated Press.)
BERLIN, Nov. 23.—Attention is being called on every side to the difficult, if not precarious, position, in which a large number of the lawyers and notaries of the Empire find themselves as a result of the war. Few professional men, it is claimed, are suffering quite as keenly, nor as uncompromisingly, as they. The war has resulted in a minimum of litigation, and in a maximum of "poor cases" that take up time and money, but seldom pay anything at all. The number of women who have troubles with their landlords and have to call on legal aid has risen amazingly.
As large a proportion of them as of other professions have been drawn into the army, and unless they have bank accounts they find it next to impossible to live on the military allowance.

Any number of the notaries, and many of the lawyers, are common soldiers or at most non-commissioned officers, and their pay in consequence is utterly out of proportion to the income which they have customarily received from their practice.

NOTED INDIAN SCOUT
DEAD ON WYOMING RANCH

(By Associated Press.)
CASPER, Wyo., Nov. 23.—Charles K. Bucknum, 71, a wealthy stockman of Wyoming, died yesterday at his ranch near Los Angeles, Cal., according to a message received here today. He was noted as an Indian scout, having served under Gen. Nelson A. Miles in several Indian campaigns during the period between 1870 and 1880.

IN A PATERNAL ROLE

(By Associated Press.)
LONDON, Nov. 23.—The spectacle of a member of the British peerage in the almost obsolete paternal role of Lord of the Manor, is found in Devon, where Lord Fortescue gives his close personal attention to the affairs of his tenants. Since the beginning of the war, he has called them together each week and given them a lecture on the progress of the fighting. The lectures are staged in the village school room at South Molton.

BIRTHDAY OF POPE
IS COMMEMORATED

(By Associated Press.)
ROME, Nov. 23.—The members of Roman Association for the Preservation of Faith in the City of Rome, were received today by Pope Benedict on the occasion of his 61st birthday. The pope gave 25,000 lire (\$5,000) to the fund to carry on the work of the association.

STRICKEN AS TEACHES
SUNDAY SCHOOL CLASS

(By Associated Press.)
OMAHA, Neb., Nov. 23.—John F. Welhemmy, a wealthy pioneer of Nebraska and for many years in the wholesale hardware business in Omaha, died last evening of heart disease. He was 69 years old. He was teaching a class in Sunday school when first stricken.
